

EnergySolutions has confirmed with the Utah Division of Radiation Control that our Clive treatment and disposal facility Radioactive Materials License may be verified through the NRC License Verification System. You may access that system at <http://www.nrc.gov/security/byproduct/ismplvs.html>. If you are unable to access our Clive facility license through the NRC webpage, the following personnel at the Utah Division of Radiation Control will assist you.

John Hultquist – (801) 536-4263

Gwen Galloway – (801) 536-4258

Ryan Johnson – (801) 536-4255
