

Dashboard Widgets

EnergySolutions is excited to release a new enhancement on the Customer Portal (<https://customerportal.energysolutions.com>). The newly added “Widgets” allow you to customize the look and feel of your own home page and drill into the data you want to see.

Upon logging in for the first time, you will have a Welcome message. The red button will drive a tutorial to allow setting up your personalized home page.

Widget Library

Our list of available information will always be changing. Below is a summary of widgets available today. In order to view a widget, you must have the appropriate permissions as established by your administrator.

	Create/Edit Profiles	Create/Edit Orders
Welcome to your Dashboard	X	X
Contracts		X
