UTD982598898

Dear Mr. Shrum:

The state-issued Part B Permit for the EnergySolutions Mixed Waste Facility expires on April 4, 2013. EnergySolutions submitted a renewal application on October 5, 2012. With this timely submittal, EnergySolutions may continue operations beyond April 2013 as this agency and the facility work to review the renewal application. The conditions of the current state-issued Part B Permit shall remain in effect until such time that they are modified.

If you have any questions, please call Willoughby at (801) 536-0220.

Sincerely,

Scott T. Anderson, Director
Division of Solid and Hazardous Waste
